## We talked about:

### 1. Corridor Expectations

Most children are walking in the corridors and on the left, as expected. The School Council felt pleased about how calm everywhere felt.

Next steps: Councillors would like to make signs to display at certain points to remind all children to walk quietly.

### 2. What is Working Well

L: Break time; F – Lots of toys to play with; C – Loves Maths; T – Enjoying assemblies, particularly Friday's celebration assembly; J – Loves his Writing lessons; E – Assemblies and writing poetry in English; D – Being active and the experiences at the start of the year; S – Kingdom of Benin workshop in September and being able to do drama in school.

### 3. Even Better If...

L: New trim trail outside; E – Consider splitting lunch time into 2: 1 for younger children and the other for older; S – Calm activities and music outside during break times; L – Writing activities outside (in addition to the writing table and chinks).
